I hereby give permission for emergency medical treatment of my child(ren) and will be responsible for payment of any bills. As Parent/Legal Guardian, and in consideration of acceptance of membership in the Jenison Area Wildcat Swim Program, I hereby, for myself, my child(ren), heirs, administrators and assigns, waive and release any and all claims against the Jenison Area Wildcat Swim Program, for injuries, and expenses incurred by my child(ren) and myself at swim practices, swim meets, and on the road to and from said swim meets. My child(ren) is a bonafide amateur athlete and is eligible to compete in all events entered. I will furnish a certified birth certificate for my child(ren) upon request of program officials.

Meet Responsibilities as Member of JAWS:

JAWS is a registered member of the USA swimming organization. Because of the Jenison Facility and our affiliation with USA swimming, JAWS hosts numerous meets a year. We host two per winter, and two per summer. These meets span 2-3 days, and require a lot of help from our JAWS members to run these meets. The revenue generated at these meets help us to offset our practicing fees. This allows JAWS rates of participation to remain competitive with area clubs, although we have a facility that is far superior to most.

As a JAWS member, each family agrees to volunteer two sessions per meet per child, with a maximum of four sessions per family. This must be done as two sessions per meet, and not four sessions for one meet and no sessions for another meet. Of course, you may always volunteer more, but this is all we ask of each family. In the past, we have had a more open-ended volunteer system, and found that 10% were doing 90% of the work, so we wanted to create a more equitable system. If we do not have people to work the meets, we will have to hire workers, which would contradict the reason for hosting the meet.

***A family with one child works two session per each meet for a total of 4 sessions.**

*** A family with two or more children works four sessions per meet, with a total of 8 sessions.**

All teams that have an active JAWS member are subject to the same requirements, regardless of the season they are participating (partial or full). A late start – morning only swimmers must fulfill the same requirements as the early start -full season swimmers. The revenue that is generated at these meets allows us to offer many options for our swimmers for flexibility. We want to be able to provide you with options, rather than have only one option where you would pay more money and find that your child would be missing many practices.

This summers meet dates are:

Sun and Fun: Friday, June 10, through Sunday, June 12.

Senior State Meet: Thursday, July 21, through Sunday, July 24.

You must sign this agreement of participation before your child can begin training with the JAWS program. They will not be allowed in the water until we have received all three pages of registration and a check for the full or first payment.

I agree with the above:
